

MDRC MONTHLY MATCH UPDATE

Starting in May, all monthly matches will be completed utilizing squads and squad SO's in order to increase the efficiency of the match. The squads will not be formally assigned rather we will leave that to the shooters discretion but each squad will be representative of the overall number of shooter for that day.

Registration will begin at 9:00am and will close promptly at 10:00am with shooting starting immediately after. Re-shoots will also be completed utilizing the squads.

IDPA rules state that a shooter is permitted to shoot one match without an IDPA membership but in all subsequent matches, the shooter must have a current membership and have proper equipment according to IDPA rules. Any shooter not having the proper IDPA membership or equipment in accordance with these rules shall not be permitted to shoot that day unless you are shooting IDPA for the first time. For more information on IDPA membership, equipment and rules, go to www.idpa.com for the information you require.
